SUPPORT BOB STARR AND THE GEORGIA REPUBLIC MILITIA!!!

Monday - May 6th - 3pm (eastern)

Reps from militias are strongly encouraged to attend.

"Meet the Militia" Rally
475 Mulberry St. (Federal Building)
Macon, Georgia

Dress Code: Red, White, and Blue only.

Arms: Video cams, 35mm cameras, portable radios (HAM & CB),
binocs, scanners (cell freqs to listen to feds on their
cell phones!), and plenty of Citizen Rule Books!

Strict Command & Control will be in effect on the scene.
Please contact Paul Sullivan @ 912-923-9309 for details.

Pre-trial hearings will follow at 5pm. Starr may testify.
Nancy Lords is the defense attorney. There is evidence
that may implicate the feds as being *MUCH* more involved
and violating several laws in this bombing farce.

The BATF has raided additional properties to obtain this evidence,
which included a warrant with the wrong address on it (again!).

Both Nancy Lords & J.J. Johnson have been threatened for their
participation in this case.

J.J. is recommending that all militias cancel any meetings with
feds until Starr's release. Starr had a very open relationship
with local and federal law agencies. Starr was threatened
just a few days before his arrest by feds that gave him a "warning"
unless he backed off. Starr says he was working on a "counter-sting"
operation involving law agents in illegal acts.

For Liberty,

Jeff
